Free Admission

# Portland Chinese Community Fair

## Arts, Commerce & Education

The inaugural community fair seeks to promote business within the Chinese community and to connect business owners, artists and educators from all communities. Composed of three sections, arts, commerce and education, the fair will utilize 8,000 sq feet and accommodate up to 45 exhibition tables.

With community performances occurring every hour and talks on various subjects such as real estate investment and bilingual education in between performances, we are expecting hundreds of visitors from the Chinese community alone.

We welcome you to join us in making this communal event a success. You can be an exhibitor, a sponsor or both. Your name will be posted on our website and promoted on 30+ WeChat groups, encompassing thousands of locals in the Portland/ Vancouver area.
